Communities, Not Cuts Sign-up Sheet

Communities, Not Cuts is a member-driven campaign of CUPE Ontario with the goal of resisting the Ford Conservatives' agenda and ensuring they are a one-term government.

We will work with communities across the province to help connect activists, workers, and concerned community members to unite against the agenda of this government that hurts workers, weakens public services, and targets the poorest in Ontario.

Through this campaign, we hope to not only shed light on the destructive nature of this Conservative government, but also to spread a message of hope that you matter, we matter, publicly funded and publicly delivered services matter, and that above all communities matter.

We are united in support of *Communities, Not Cuts!*
